

CA-DPVGA

DisplayPort™ to VGA Adapter

CA-DPVGA is a DisplayPort™ to VGA Adapter which allows you to connect your DisplayPort™ embedded device (Laptop or Desktop) to a VGA embedded device (TV or Monitor)

VGA Monitor

VGA Projector

Laptop | PC

Mirror Mode

Extend Mode

The adapter does not require any external power, the required power is given by adapter itself and carries audio signals too.

Increase your work efficiency and productivity by mirroring or Extending your desktop/laptop on to extra monitor or HDTV or Projector.

The product gets detected automatically and no need of driver installation.

The adapter is compatible with all DisplayPort™ enabled devices.
